

# PAGENEERS WEST

HELLO...

This is going out to at least 120 PAGE guys. That's pretty good. The first was 12, the second about 60.

PAGENEERS WEST is for people that worked for Page, FEC, were GI's, and friends in Viet Nam or where ever. Given this is a special breed, I figure Iran and Saudi count too.

Why? Well it helps bring back some memories, some of you guys are friends, some need jobs, some are looking, some would like to collect the money owed, maybe a long lost buddy will turn up. Who knows? Finding a job is the best reason I can think of.

The cost? That is becoming a problem. A six page newsletter is now at least 720 copies. This is too much copying to bootleg. Copying will cost \$35 and postage about the same. Figure about \$70 to send out this issue. Some have said \$10 a year is reasonable. If you think this is fair and if you want to help, you can send a check or stamps.

The roster is five pages with three columns. Rather than publish it I've decided to make it available if you send a STAMPED SELF ADDRESSED ENVELOPE. It takes 39 cents postage.

I could use some help. Some news, some stories, more addresses. Take a minute to let me know what you think. Bitch if you like. Correct my spelling of your name. Correct my mistakes. Where are you?

A few calls about Tirso. I was told he died of a heart attack in December, 1986.

We can work the roster in the clear for everyone who doesn't object. If you do not want your address published let me know. The secured names can be reached by sending a SASE to me, with a stamp on it, and I can forward it unopened. Just let me know.

Here is where to send it:
