

PAGENEERS WEST

To improve tropo transmission over short-haul links, frequencies are being changed from 1 Ghz to 2 Ghz on some of the 60-foot billboard antennas like these at Nha Trang. Elsewhere, 120-foot billboards and a variety of parabolas, up to 60-feet in diameter, are being installed.

Vietnam communications network growing into Southeast Asia's best

Building communications terminals in a war zone is tough, but the U.S. is completing a permanent tropo network in Vietnam and Thailand and doing it on schedule

HELLO....

This is the fourth PAGENEERS WEST. The list keeps growing. This issue will be going out to over 180. Received a lot of encouragement, both words and money. Thanks. This makes it worth the effort.

On the roster is **Bob Phelps**. I didn't really know Bob but I remember walking on morning near the Caravelle Hotel and running into Ron Adams. It was Thanksgiving Day, 1966 and Ron had some news. Bob Phelps was in a convoy ambushed that morning and the road from Dalat to Pr'line. Bob was shot up pretty bad but pulled through. Best part of the

tale is the Filipino powerman, I don't know his name, who jumped into the bush and bagged a few of the bad guys. Seems our Page guy was an ex-Huk.

REUNION

Several guys have talked about a reunion. My feeling is that this would be a great idea. Several questions need to be answered. Where...When...and...Who is going to do it. Frankly, So. Cal would be OK with me. A better suggestion might be Las Vegas. It really depends on the number of guys that show. Anyone wanting to set something up let me know. I'll get out the word.

Do any of you have a business? Need techs or engineers? Need work? Let me know and I'll pass the word.

Wife mutilates husband

POLICE yesterday arrested 18-year-old Mrs Phakar Khemawong on a charge of cutting off her husband's penis while he was asleep at their home in Bangkok, Phasi Charoen District.

Mrs Phakar and her husband, Aroon, reportedly had a heated quarrel late Tuesday night over his alleged extra-marital activities.

She waited until early yesterday morning when she allegedly cut off her husband's penis with a kitchen knife and threw it out of the bedroom window.

A neighbour who heard Aroon's screams of pain rushed him to Siriraj Hospital where doctor told him to look for the severed organ.

The neighbour rushed back and was just in time to retrieve the organ from the beak of a duck.
